

Symposium On Minimally Invasive Treatments For Spinal Degenerative Pathology

VENUE: Hospital Quinta D'Or - Rua Almirante Baltazar 435 - 10th floor - Auditorium. Quinta da Boa Vista, Rio de Janeiro - Tel: 3461-3600

Intradiscal techniques (09 am)

Pain generation in disc degenerative pathology

H. Salgado, Marbella, Spain

Radiofrequency Nucleoplasty in the treatment of lumbar disc pathology

Alexandre, A. Cesaroni*, P.F. Nardi* - EU.N.I., Treviso and *Policlinico Casilino, Roma, Italy.

Intradiscal Ozone administration for discoradicular conflict

M.Murga, A. Albarreal, P. Baena , Sevilla , Spain

Coblation assisted microdiscectomy in lumbar disc herniation pathology

F. Marin Zarza, Spine Surgery Unit, Madrid, Spain.

Ozone and laser administration in herniated disc pathology

Guillermo Molina, Armando Basso, Buenos Aires, University, Argentina

Cifoplastic treatment of vertebral trauma

N. Francaviglia, Caltanissetta, Italy

Epidural techniques

Anterior/Ventral Epiduroscopic Laser Discectomy

Larry Rothstein, USA

Intraforaminal injection of oxigen-ozone mixture in the treatment of discoradicular conflict

M. Bonetti, Italy

Epidural Endoscopy in the treatment of FBSS and idiopatic low back pain.

L. Coro, EU.N.I., Treviso, Italy

Minimally invasive multimodal management of discoradicular conflict.

A. Alexandre, EU.N.I., Treviso, Italy

Posterior segment treatments

Radiofrequency treatment of lumboscaral facet syndromes

A. Cesaroni, P.F. Nardi, Policlinico Casilino, Roma, Italia

Interspinous elastic stabilization by DIAM device

J. Buric, Clinica Villanova Firenze, Italy

Interspinous elastic fixation by Nikel-titanium devices

S. Acampora, IRCCS Pozzilli, Napoli, Italy

Interspinous U elastic stabilization in lumbar pathology

A. Azuelos, EU.N.I., Treviso, Italy

Minimal Invasive Lumbar Restabilization for Segmental Insufficiency

LSI. Microsurgical and Percutaneous Option

W. Bini, S. Babacan, V. Urban, Neurosurgical Global Spine Unit-Emma Klinik, Seligenstadt, Germany

The Use of interfix fly cages in monosegmental instability

N. Francaviglia, Caltanissetta, Italy
